

### 3221 EVALUATION OF NONTENURED TEACHING STAFF MEMBERS

The Board of Education recognizes the importance of implementing a program for the evaluation of nontenured teaching staff members in accordance with law for the purposes of identifying and correcting deficiencies, improving professional competence, improving the quality of instruction received by pupils of this district, and assisting the Board in determining the member's reemployment.

The program of evaluation of nontenured teaching staff members shall include the observation and evaluation of each such employee in the performance of his or her duties by an appropriate supervisor no fewer than three times during each school year, but not less than once during each semester. Evaluations are to take place before April 30 of each year. The evaluations may cover that period between April 30 of one year and April 30 of the succeeding year except in the case of the first year of employment where the three evaluations must be completed prior to April 30. The number of required observations and evaluations may be reduced proportionately when an individual teaching staff member's term of service is less than one academic year. Each evaluation shall be followed by a conference between the teaching staff member and his or her superior or supervisor(s). The purpose of the observation and evaluation of nontenured teaching staff members shall be to improve professional competence, identify deficiencies, extend assistance for the correction of such deficiencies, provide a basis for recommendations regarding reemployment, and improve the quality of instruction received by the pupils served by the school(s) in the district.

Supervisors shall make every effort to assist nontenured teaching staff members in the remediation of deficiencies disclosed by observation and evaluation and may conduct additional observations and evaluations. Supervisors should recognize the purposes of this policy cannot be realized by evaluations that do not record the weaknesses as well as the strengths of teaching staff members. Assessments that are less than honest and candid serve neither the professional growth of the employee nor the interest of the district in building a staff of highly competent, well-trained personnel.

This Policy shall be distributed to each teaching staff member at the beginning of his or her employment.

### 3222 EVALUATION OF TENURED TEACHING STAFF MEMBERS

The Board of Education recognizes that the continuing evaluation of tenured teaching staff members is essential to the achievement of the educational goals of this district. The purpose of a program of evaluation will be to promote professional excellence and improve the skills of tenured teaching staff members, improve pupil learning and growth, and provide a basis for the review of teaching staff member performance. The Board will provide leadership, adequate resources for supervision and professional development, time for the proper conduct of evaluations, and time for in-service training.

Each tenured teaching staff member except the Superintendent and administrators, who will be evaluated in accordance with Board Policy Nos. 1240 and 3223, shall be evaluated annually by appropriately certified and trained administrators or supervisors against criteria that evolve logically from the instructional priorities and program objectives set forth in the teaching staff member's job description.

The Superintendent shall develop, in consultation with tenured teaching staff members, job descriptions and evaluation criteria for each teaching staff member position. Job descriptions will be clearly and concisely stated and will be provided to the Board for its information.

The Superintendent shall distribute to each teaching staff member, no later than October 1 of each school year, a copy of this policy and the teaching staff member's job description and evaluation criteria; any amendments made subsequently to these documents will be distributed no later than ten days after their adoption.

The Superintendent shall develop, in consultation with teaching staff members, procedures for the evaluation of tenured teaching staff members that include, as a minimum:

1. The collection and reporting of data that is appropriate to the job description and includes as a minimum the observation of classroom instruction;
2. Observation conferences between the tenured teaching staff member and the evaluating supervisor;
