

SCHOOL SECURITY DRILLS

In accordance with N.J.S. 18A:41-1 the Bass River Township District's Emergency Procedure Plan requires that all staff and students to be trained in specific drills. For safety reasons, students are expected to follow the teacher's instructions at all times. If needed, students are to exit the classroom in a single line, refrain from conversation, use assigned exits and report to the assigned outdoor area.

As part of our ongoing effort to keep our children and staff safe, ***we are required*** to have at least one fire drill and one school security drill each month during school hours.

A minimum of two of each of the following security drills during the academic year are required:

- Active shooter
- Evacuation (non- fire)
- Bomb threat
- Lockdown

Examples of other types of security drills:

- Shelter-in-place
- Reverse evacuation
- Evacuation to an offsite location
- Testing of school's notification system and procedures
- Testing of school's communication system and procedures
- Tabletop exercise
- Full scale exercise
